

PLAY selects NYCO turbine oil - TURBONYCOIL® 600 -

Paris, June 20th, 2023,

NYCO announces that **PLAY**, a new Icelandic low-cost airline operating flights between North America and Europe, has selected Turbonycoil® 600, a synthetic standard turbine oil, to lubricate the engines of its whole fleet of A320neo & A321neo powered by LEAP-1A.

In the words of **PLAY** "We're thrilled to announce the successful transition to NYCO oil for our fleet. This strategic move has not only brought significant cost savings but has also contributed to our commitment to environmental sustainability" commented Arvydas Stanina, Material Controller of **PLAY**.

"We are really glad to support **PLAY** operations with our Turbonycoil® 600 and we thank **PLAY** for their trust in our company and products. **PLAY** will now benefit from NYCO great performance turbine oil in addition to excellent customer support and significant cost saving. We wish to **PLAY** the brightest future and we are ready to support them on that way." said Grégoire DUTEIL, Sales & Marketing Manager – Civil Aviation at NYCO.

Approved against demanding specifications, including SAE AS5780 SPC Class and MIL-PRF-23699 G STD Class, Turbonycoil® 600 is qualified by all major engine manufacturers (General Electric, Pratt & Whitney, Pratt & Whitney Canada, Rolls-Royce, Safran Aircraft Engines, Safran Helicopters Engines, CFMI, ...). It has logged more than 35 years of experience in jet engines of military and commercial aircraft.
