

## Pegasus Airlines selects NYCO turbine oil - TURBONYCOIL® 600 -

Paris, November 29<sup>th</sup>, 2023:

NYCO announces that, the leading low-cost operator in Turkey, **Pegasus Airlines**, has selected **TURBONYCOIL® 600** to lubricate the engines of its whole fleet.

Pegasus, one of the most fast-growing airlines in the region has now a fleet of more than 100 aircrafts composed of Airbus A320 CEO/NEO, Airbus A321 NEO and Boeing B737 NG, powered by CFM56 & LEAP engines.

“At Pegasus Airlines, the integration of a new engine oil brand across our fleet is approached with utmost diligence, considering both technical and environmental impacts. After rigorous analysis, we're proud to introduce **TURBONYCOIL® 600** and **TURBONYCOIL® 640** to support our aircraft fleet. This smooth transition, bolstered by the commendable support from NYCO and ADCO, underscores our unwavering commitment to operational excellence and environmental sustainability.” commented Pegasus Powerplant Senior Engineer.

“We are extremely pleased to now support **Pegasus Airlines** operations with our **TURBONYCOIL® 600** through our Turkish partner distributor ADCO. We thank **Pegasus Airlines** for their trust and for taking this project very seriously. **Pegasus** is now benefiting from full NYCO range of lubricants and is already interested to join forces for the development of future generation of sustainable aviation solutions.” said Clément FABRE, EMEA Head of Sales and Marketing - Aeronautics.

Approved in line with demanding specifications, including SAE AS5780 SPC Class and MIL-PRF-23699 G STD Class, Turbonycoil® 600 is qualified by all major engine manufacturers (General Electric, Pratt & Whitney, Pratt & Whitney Canada, Rolls-Royce, Safran Aircraft Engines, Safran Helicopters Engines, CFMI...). It has been used for more than 30 years in jet engines of military and commercial aircraft.

## PRESS RELEASE
